

# Education for Sustainability:

## Outdoor Classroom Design and Use

*Integrating the Environment into the K-12 Classroom*

**West Chester University of Pennsylvania**  
Summer Session II: June 28<sup>th</sup> – July 28<sup>th</sup>, 2016  
T & TH: 10am – 2:30pm

Outdoor Classroom Design prepares educators for integrating the environment into existing curriculum. Participants will create a master plan, assess project sites, design an outdoor classroom, practice outdoor classroom development skills on-site, and develop and share lesson plans integrating the outdoor classroom into existing curriculum.

Undergraduate or graduate credit: **EDO450-31** or **EDO550-31**

*Department of Professional & Secondary Education*
